PRESBYTERIAN SUPPORT
SOUTH CANTERBURY

“Wonderful Wallingford” – as it is known by locals – offers a delightful, friendly, home-like atmosphere in an attractive small-town setting.

Join the popular Wallingford lifestyle and stay connected to your local community. In this relaxed and lively environment, you’ll continue enjoying your friendships, hobbies and interests, with quality, professional care and practical support on hand 24/7.

Recently refurbished, Wallingford offers large rooms with en-suites and its attractive gardens are enjoyed by residents all year round.

Care options meet a range of requirements of residents and their families, from independent living in rental cottages to residential rest home level and either short or long-term respite care

Acknowledged for its high level of care, Wallingford has achieved a high level of accreditation for rest homes in New Zealand – a three year Ministry of Health Certification period, following an independent audit by Health & Disability Auditing New Zealand (HDANZ). The audit process includes reviews of policies and procedures, observation of how services were provided to residents, surveys of and meetings with residents and families, plus interviews with rest home management.
